

THE RULES, IN PLAIN ENGLISH:

FINE print

For dkesalesllc.com, the free downloads, [Page Autopilot](#) and the templates · updated 2 October 2026

THE SHORT VERSION

You own everything. I set it up or give you the files, and you approve every post.

Your accounts

Your server, n8n, database, Telegram and Facebook, in your name. I never keep your passwords.

Clear refunds

Page Autopilot: a full refund any time before the install call.

Your license

Use the files for your own business. Please don't resell or share them.

01 SELLER

DK Esales LLC, a Wyoming limited liability company (USA)

TERMS OF *service*

These Terms of Service ("Terms") cover your use of dksalesllc.com (the "Site") and everything DK Esales LLC, a Wyoming limited liability company ("DK Esales", "I", "me"), offers through it:

- **free downloads**, such as the AI Starter Kit;
- **Page Autopilot**, a done-for-you setup of the Idea to Pipeline system in your own accounts;
- **templates and kits** (n8n workflows, database files, post layouts and setup guides), once they are on sale;
- **ongoing help**, if you arrange it with me after an install.

By using the Site, downloading a file or paying for anything, you agree to these Terms. If you don't agree, please don't use or buy.

T1 WHO CAN BUY, AND WHAT I SELL

- You must be at least 18 (or the age of majority where you live) and able to enter a contract. If you buy for a business, you confirm you may accept these Terms for it.
- I sell **files and setup work**. I don't run a hosted service: I don't host n8n, your database or your workflows, and I don't operate your system for you. Everything runs in accounts that you create, own and pay for.
- The Site and the Idea to Pipeline page describe AI tools and automations for general information. Featuring a tool is not an endorsement or a partnership unless it says so; check each tool's own terms, prices and data policy. Nothing here is legal, tax or financial advice.
- How the third-party services involved work (Facebook, Telegram, n8n and others) is covered in the [Third-party platforms](#) policy, which is part of these Terms.

T2 PAGE AUTOPILOT (DONE-FOR-YOU INSTALL)

- **Scope.** What's included is listed on the [Page Autopilot page](#): the setup of the system in your accounts for one Facebook Page, on one video call, followed by **14 days of fixes** with replies within 48 hours. Before you pay, I confirm the scope with you in writing. If that written scope and this page differ, the written scope wins.
- **Your accounts and passwords.** You create every account in your own name and type every password and key yourself. You pay the providers (server, AI and any others) directly. If you give me a temporary login to fix something, you can remove it at any time, and I ask you to remove it when the 14 days end.
- **Your posts.** The system drafts posts with AI. Nothing is published until you approve it. You are responsible for what you approve and publish, and for checking that it is accurate and allowed.
- **No promised results.** I don't promise reach, followers, clicks, leads or sales. They depend on your audience, your topic and the platforms.
- **After the 14 days.** The system keeps running in your accounts. Fixes and changes after day 14 are by separate agreement (for example a monthly care plan).
- **License.** The workflows installed for you are covered by the [License Agreement](#) (one business: yours).

T3

TEMPLATES, KITS AND FREE DOWNLOADS

- Each file comes with the [License Agreement](#). You get a license to use it; you don't buy the files' copyright.
- Paid templates will be sold through an online shop that acts as the **merchant of record**: it takes the payment, charges any sales tax or VAT and handles refunds under the [Refund policy](#). The shop's own checkout terms also apply.
- Before you buy, check the requirements on the product page (n8n version, accounts and services you need).

T4

PRICES, PAYMENT AND TAXES

- Prices are in US dollars.
- **Page Autopilot** is paid in full by invoice after our 15-minute call, before the install call.
- **Templates** are paid in full at checkout.
- Where a shop collects tax, it is added at checkout. Otherwise you are responsible for any taxes your country charges on what you buy, including withholding tax.
- Provider costs (server, AI, email and any other accounts in your name) are between you and those providers.

T5

REFUNDS

See the [Refund policy](#). Please contact me before opening a payment dispute: most problems are solved faster that way.

T6

ACCEPTABLE USE

You agree not to use anything you get from me to send spam or unsolicited messages, scrape data without permission, mislead or harass people, infringe anyone's rights, or break the law or the rules of the platforms you connect (such as Meta's or Telegram's terms). This also applies to what you send through the Site's forms; messages that look like spam are deleted.

T7

OWNERSHIP

- The Site, the workflows, layouts, guides and other materials belong to DK Esales LLC, except third-party parts that keep their own licenses (such as fonts and n8n itself). You may link to any page and quote short parts with credit.
- **What's yours stays yours:** your Page, your posts, your settings, your data and the content you create with the system.

T8

YOUR RESPONSIBILITY TO ME (INDEMNITY)

If someone makes a claim against DK Esales LLC or its owner because of how you used what I provided, you agree to cover the reasonable costs of that claim (including reasonable lawyer's fees) when it comes from:

- 1 what you approved and published, or other changes you made to the system;
- 2 your breach of a third-party platform's rules (for example Meta's or Telegram's);
- 3 how you collected or used personal data through your setup;
- 4 your breach of these Terms or the License Agreement.

I will tell you about such a claim promptly and let you take part in how it is handled.

T9

WARRANTY DISCLAIMER

THE SITE, THE FREE DOWNLOADS AND THE TEMPLATES ARE PROVIDED "AS IS". APART FROM WHAT THESE TERMS AND THE WRITTEN SCOPE OF A PAGE AUTOPILOT INSTALL PROMISE, AND AS FAR AS THE LAW ALLOWS, I GIVE NO OTHER WARRANTIES, SUCH AS FITNESS FOR A PARTICULAR PURPOSE OR UNINTERRUPTED SERVICE. Third-party services can change or stop at any time; see the [Third-party platforms](#) policy.

T10

LIMITATION OF LIABILITY

AS FAR AS THE LAW ALLOWS:

- **No indirect losses.** I am not liable for indirect or consequential losses, such as lost profits, revenue or business; lost or corrupted data; loss of reputation or account standing (including a restriction, suspension or ban of your Facebook Page, Meta developer account, ad account or Telegram bot); unexpected bills from providers you use (such as AI or hosting); or outages of servers and services I don't control.
- **A cap.** My total liability for everything connected with these Terms, the Site or anything you bought is limited to **the greater of (a) what you paid me for the product or service the claim is about, or (b) US\$50.**

Nothing in these Terms limits liability that the law doesn't allow to be limited, or rights you have as a consumer where you live.

T11

DISPUTES AND LAW

- These Terms are governed by the laws of the **State of Wyoming, USA**, without regard to conflict-of-law rules.
- **Talk first.** Before any formal claim, write to me at doankhoa@dkesalesllc.com with the details. We both try in good faith to solve it within 30 days.
- If a part of these Terms can't be enforced, the rest still applies.

T12

CHANGES

I may update these Terms. The new version is posted on the Site with a new date. Changes don't apply to a purchase made before them.

DOCUMENT 2 OF 5 · UPDATED 2 OCTOBER 2026 · DKESALESLLC.COM/REFUNDS/

REFUND *policy*

This policy covers what you buy from DK Esales LLC, a Wyoming limited liability company ("I", "me"). It is written to be short and clear. If something here is unclear, ask before you pay.

R1

PAGE AUTOPILOT (DONE-FOR-YOU INSTALL)

WHEN	REFUND
Any time before the install call	Full refund , for any reason. Just ask.
The install call happened, but no first post went out on your Page because of my side , and I can't fix it within the 14 days of fixes	Full refund
After the first post is live	No refund: the install is done. The 14 days of fixes still apply.

Not a reason for a refund after the install call (I still help as far as I can during the 14 days):

- a block on **your** accounts, for example Meta restricting your developer account or Page, or a provider refusing your sign-up;
- changes you made to the workflows, credentials or settings yourself;
- deciding later that you don't need it.

Provider costs (your server, AI credit and any other accounts in your name) are paid by you to those providers. I can't refund them; their own policies apply.

R2

TEMPLATES AND KITS (WHEN THEY GO ON SALE)

Templates will be sold through an online shop that acts as the merchant of record. The shop processes refunds, and its checkout may show its own terms as well.

- **Within 14 days of purchase:** if the template doesn't work in a supported setup (the n8n version and accounts listed on the product page), tell me what happens. If I can't fix it or send a corrected file within 2 working days of your report, you get a full refund.
- To help me fix it fast, send: the email you bought with, a screenshot of the error from n8n's **Executions** list, and your n8n version.
- **Not a reason for a refund:**
 - not having (or not wanting to pay for) the required accounts, such as a server, a Meta developer account or AI credit;
 - restrictions or changes by Meta, Telegram or other providers;
 - a setup that doesn't meet the listed requirements;
 - errors caused by your own changes to the workflow (added nodes, edited code, changed credentials);
 - deciding you don't need it after downloading.

R3

FREE DOWNLOADS

The AI Starter Kit is free, so there is nothing to refund.

R4

ONGOING HELP (ON REQUEST)

If you arrange monthly help with me after your install, you can cancel any month. You pay only for months that have started.

R5

HOW TO ASK

Use the [contact form](#), write to doankhoa@dkesalesllc.com, or reply to your invoice email, from the email address you paid with. I answer within 2 working days and send approved refunds back to the way you paid within 5 working days. Your payment provider may take a few more days to show it.

R6

PAYMENT DISPUTES

Please contact me before opening a chargeback or payment dispute. Most problems are solved faster directly. If a dispute is opened without contacting me first, I may pause support and the license for that purchase until it is resolved.

R7

YOUR RIGHTS

This policy doesn't take away any rights you have under the consumer law where you live.

DOCUMENT 3 OF 5 · UPDATED 2 OCTOBER 2026 · [DKESALESLLC.COM/LICENSE/](https://dkesalesllc.com/license/)

LICENSE *agreement*

This License Agreement covers the files DK Esales LLC, a Wyoming limited liability company ("Licensor", "I", "me"), provides: n8n workflow files (`.json`), database files (`.sql`), post layouts, the image service, setup guides and other documentation (together, the "Files"). It applies to free downloads, to templates you buy, and to the workflows installed in your accounts during a Page Autopilot install. By downloading, importing or using the Files, you agree to it.

L1

WHAT YOU MAY DO**A · Free downloads (for example the AI Starter Kit)**

- Use the Files for yourself or your business, and change them as you like.
- Set them up for a client **inside the client's own accounts**.
- Don't share, sell or publish the Files themselves (see section 2).

B · Templates and kits you buy (one business)

- Use the Files for **one business: yours** (or yourself, if you buy as a person), on n8n instances you or your business control, for as many of that business's own Facebook Pages as you like.
- Change, adapt and extend the Files for that business.
- Keep using the version you bought for as long as you like. Updates within the same version are free when I release them.
- Not included: setting the Files up for other businesses or clients. If you want that, ask me first.

C · Page Autopilot installs

- The workflows and files installed in your accounts during a Page Autopilot install come with license B, for the business named on the invoice. They keep working after the 14 days of fixes; nothing needs to be renewed.

L2

WHAT NOBODY MAY DO

Whatever you got and however you got it, you may not:

- 1 **Redistribute or resell** the Files, original or changed, as files: no selling, renting, sublicensing, giving away, uploading to a public repository (such as GitHub), template marketplace or forum, or sharing download links.
- 2 **Build a competing product** from them: no template packs, courses, bundles or clones based on the Files.
- 3 **Use them to harm people or break rules:** no spam, unsolicited messages, scraping without permission, harassment, phishing, or anything that breaks the law or a platform's terms (such as Meta's or Telegram's).

Showing your own setup in a screenshot, a video or a post is fine.

L3

OWNERSHIP

- This is a **license to use**, not a sale. DK Esales LLC keeps the copyright and other rights in the Files.
- **Third-party parts keep their own licenses.** The fonts used in the layouts (Archivo, Gochi Hand) are under the SIL Open Font License. n8n itself is licensed by n8n GmbH under its own license (the Sustainable Use License for the self-hosted Community Edition), which you must follow. The services you connect (Facebook, Telegram, Supabase, AI providers) have their own terms.
- **Your content is yours:** your posts, settings, data and anything the system creates for your Page.

L4

NO WARRANTY, LIMITED LIABILITY

The Files are provided under the [Terms of Service](#), including the warranty disclaimer and the limit of liability there.

L5

ENDING THE LICENSE

- Your license lasts as long as you keep to this agreement.
- If you break it, the license ends. You then stop using the Files and delete your copies of them, including changed versions.
- Sections 2, 3 and 4 still apply after the license ends.

L6

QUESTIONS

Licenses for more than one business, or anything not covered here: doankhoa@dkesalesllc.com · dkesalesllc.com/contact

DOCUMENT 4 OF 5 · UPDATED 2 OCTOBER 2026 · DKESALESLLC.COM/THIRD-PARTY/

THIRD-PARTY *platforms*

Everything DK Esales LLC ("I", "me") sells or gives away works by connecting services made by other companies. This policy explains who they are, what that means for you, and what I can and can't be responsible for.

P1 INDEPENDENT, NOT AFFILIATED

DK Esales LLC and Idea to Pipeline are independent. We are **not** sponsored by, endorsed by, partnered with or affiliated with:

- **Meta Platforms, Inc.** (Facebook, Instagram, Messenger, WhatsApp, Meta for Developers);
- **Telegram** (Telegram Messenger and the Telegram Bot API);
- **n8n GmbH** (n8n Cloud and the self-hosted n8n);
- **Supabase, DeepSeek, Groq, Hostinger, Resend**, or any other service named in our guides or workflows.

These names and logos are trademarks of their owners. I use them only to say what our files work with. Some links on the Site are affiliate links; see the [Affiliate disclosure](#).

P2 WHAT YOU GET FROM ME: FILES AND SETUP, NOT A HOSTED SERVICE

- **Templates and free downloads** are files: workflows, database files, layouts and guides. They run in **your** n8n, on **your** server, with **your** database and accounts. I don't run them, and the data that flows through them doesn't reach me.
- **Page Autopilot** is setup work. During the install call I see your screen while you share it; you type every password and key yourself. During the 14 days of fixes you may give me a temporary login, which you can remove at any time. After that I have no access to your system unless you arrange ongoing help.
- I don't host n8n for anyone (n8n's own license reserves that for agreements with n8n).

P3 META (FACEBOOK) IS YOUR RESPONSIBILITY

If you connect Facebook, you are responsible for following Meta's terms and policies, including the Meta Platform Terms, the Developer Policies, the Pages and community standards, and its rules about AI-generated content.

- 1 **Your developer app.** You create and keep your own Meta developer account and app, and choose its permissions (such as `pages_manage_posts`, `pages_read_engagement`, `pages_show_list`). At the time of writing, an app in Development mode can post to a Page you manage without App Review. If Meta asks for business verification or App Review for your use, completing it is up to you.
- 2 **Your posts.** Every post goes out only after you approve it. Check it before you tap .
- 3 **Never** use the files to send unsolicited messages, scrape data, spam, or post misleading content.
- 4 **Meta decides.** Meta can change limits, revoke tokens, restrict apps or Pages, or change what reaches people, at any time. I can't control or reverse that, and I'm not responsible for restrictions Meta places on your accounts.

P4 TELEGRAM

- You create your own bots with @BotFather and keep their tokens private.
- Your bots must follow Telegram's Terms of Service and Bot API rules, including its sending limits. Our workflows only message you (the owner), not other people.

P5 AI PROVIDERS (DEEPSEEK FOR WRITING, GROQ FOR VOICE NOTES)

- The text the system drafts from, and the voice notes you send Vy, go to these providers to be processed under **their** terms and privacy policies, which may include processing in other countries. Don't put passwords or other secrets in posts, prompts or voice notes.
- AI can be wrong. The system checks drafts against your rules, but you approve every post.
- AI usage is billed by the provider to your account. Set a spending limit or keep a small balance.

P6 HOSTING, DATABASE AND EMAIL (HOSTINGER, SUPABASE, RESEND)

You choose and pay these providers. Their uptime, limits, prices and data policies are theirs. Keep backups of anything important.

P7 WHEN PLATFORMS CHANGE

Platforms change their APIs, permissions, prices and rules without asking anyone. Files are tested against the versions available when they are released (the setup guide says which).

- **Templates:** when I fix a break for my own page, buyers get the fix as a free update within the same version, as far as it's possible. Buying doesn't oblige me to rewrite your setup after every outside change.
- **Page Autopilot:** I fix breaks during the 14 days. After that, help is by separate agreement.

P8 CONTACT

DK Esales LLC (Wyoming, USA) · doankhoa@dkesalesllc.com · dkesalesllc.com

DOCUMENT 5 OF 5 · UPDATED 2 OCTOBER 2026 · [DKESALESLLC.COM/PRIVACY/](https://dkesalesllc.com/privacy/)

PRIVACY policy

This website (dkesalesllc.com) is run by DK Esales LLC, a Wyoming limited liability company ("I", "me"). It collects as little as possible. There are no ads, no analytics, no tracking pixels and no cookies.

D1 WHAT I COLLECT

- **Sign-ups (free kit and the list):** your email address, the page you signed up on and the time. Used to send you the free kit and one email when the templates launch.
- **Contact form:** your name (optional), email address, topic and message. Used only to answer you.
- **Page Autopilot applications:** your name, email address, Facebook Page link, what your Page is about, time zone and call language. Used only to reply and to prepare our call.
- **Clients:** your name, email address and what you bought, on invoices and in my records, kept as long as tax rules require. Payments are handled by the payment provider; I never see your full card number.
- **Technical logs:** like most websites, the server can keep short technical logs (such as IP address, browser and page) for security and troubleshooting.

D2 WHO STORES IT

Form entries are stored in a database hosted by Supabase. Emails from this site are sent through Resend. The website runs on a server rented from Hostinger. Fonts and images are served from this website itself, not from third parties. I do not sell or share your data with anyone else.

D3 YOUR ACCOUNTS DURING AN INSTALL

During a Page Autopilot install you create the accounts and type every password and key on your own screen. I don't ask for them and don't keep them. If you give me a temporary login to fix something during the 14 days, you can remove it at any time, and I ask you to remove it at the end.

D4 HOW LONG

Sign-up addresses are kept for as long as you want to stay on the list. Contact messages and applications are kept as long as needed to answer you, and deleted within 12 months unless you become a client.

D5 YOUR CHOICES

You can ask to see, correct or delete your data at any time. Use the [contact form](#) and choose "My data (privacy request)", or write to doankhoa@dkesalesllc.com. Every email I send also tells you how to be removed.

D6 LINKS TO OTHER SITES

This site links to Facebook, to the tools featured on Idea to Pipeline and sometimes to affiliate partners. Their own privacy policies apply there.

D7 CHILDREN

This site is not meant for children under 16, and I do not knowingly collect their data.

D8 CHANGES

If this policy changes, the new version is posted here with a new date.

QUESTIONS?

ASK BEFORE YOU *pay*

If anything here is unclear, write to me first. The versions on the website are always the current ones.
